**1. Answers to questions raised by the Industry**

**QUESTION 1:** Regarding lock and key – our Mohr cutter can be locked similar to the first switch photo (*switch lock type 1*) I have attached. Is this OK? If not it can be changed the second lock attached (*switch lock type 2*).

**ANSWER 1:** Bidders are reminded that according the solicitation document, paragraph **4.4 Basis of Selection:**

*A bid must comply with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The responsive bid with the lowest evaluated price will be recommended for award of a contract.*

Therefore, and in consideration to the above, the preference would be switch lock type 1, however, **it is emphasised that this option is a preference only, and does not constitute a Mandatory Requirement.** It is the Bidder's sole responsibility to take in consideration all costs which may impact their price when submitting their financial Bid.

**QUESTION 2:** Link below does give you a 404 NOT FOUND

Part 5 – Certifications and Additional Information, 5.2.2 Federal Contractors Program for Employment Equity - Bid Certification: By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list available at the bottom of the page of the Employment and Social Development Canada (ESDC) - Labour's website (<https://www.canada.ca/en/employment-socialdevelopment/programs/employment-equity/federal-contractor->
